

REMARKS

As part of the Notice of Allowance, the Examiner has issued an Examiner's Amendment amending the claim 1. As part of that Examiner's Amendment the Examiner suggests that should the changes and/or additions be unacceptable to the Applicant, an amendment may be filed as provided under 37 C.F.R. 1.312. Applicant respectfully submits that some of the amendments are unacceptable to the Applicant and accordingly, Applicant has amended the claims 1, 36, 37 and 38.

In addition to the above, Applicant respectfully submits that this amendment leaves the allowable elements of claim 1 in place and merely amends the claims 36 through 38 to provide proper antecedent basis for the "light shielding hood". Accordingly, Applicant respectfully submits that this 312 Amendment does not raise any new issues which would require further consideration and/or search.

In view of the above, therefore, it is respectfully requested that this 312 Amendment be entered, favorably considered and the case passed to issue.

Please charge any additional costs incurred by or in order to implement this 312 Amendment or required by any requests for extensions of time to QUINN EMANUEL DEPOSIT ACCOUNT NO. 50-4367.

Respectfully submitted,

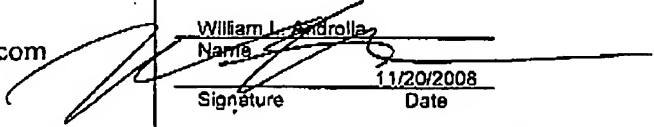

By:
